

Comparison Of Various Federal And State School Improvement Requirements				
		Federal: NCLB Section 1116		State: 22-2C-7 NMSA
School Improvement Parent Notice with Choice Option included in notice	Applies to Title I schools only		No mention of written notice. School must have a public meeting.	
School Choice	Applies to Title I schools only with funding to be made available for transportation.		Applies to all schools with possible transportation 'within available funding'.	
Supplemental Education Services(SES)	Applies to Title I schools only		Applies to Title I schools only	
School Improvement Plan (EPSS)	Applies to Title I schools only. Within 3 months of identification develop and submit to LEA for approval.		Schools In Need Of Improvement (SINOI) submit Educational Plan for Student Success (EPSS) to Public Education Department within 90 days after notification of status (All SINOI must submit, including Title I schools.)	NMAC 6.29.1.8- Each district is required to develop, implement, monitor and evaluate the plan on an annual basis. Additionally, the district shall ensure that a site-level EPSS is developed by each school within the district and by each charter school for which the district is the chartering agency. State-chartered charter schools shall develop a site-level EPSS.
Schools Identified for School Improvement	Any Title I school that fails to make AYP for 2 consecutive years shall be identified as a school in need of improvement.		Any public school that fails to make AYP for 2 consecutive years shall be identified as a school in need of improvement.	

School = any public school, including locally-chartered charter schools

District or LEA = any district or state-chartered charter school

SEA = Public Education Department
